

Dear Sanitary Dist.,

2/11/12

I want to thank Norm & Jerry for the great service on 2/1/12. My grinder pump quit and they were there to make a "crappy" situation go very smoothly. You have 2 very dedicated, knowledgeable and courteous employees. What a great way to the Sanitary Dist. showcased. My thanks to them and you for such great service. After living in the "big city" of West Allis for 45 years and working for them for 28 years, I don't know if I could have gotten this service there.

Thanks again'

Rich Beres
